

## FRENCH CABINET MEETING TODAY

Discuss Dreyfus' Physical Condition.

ONLY GROUND ON WHICH GOVERNMENT MAY INTERFERE.

Reports From Various Departments Show That Verdict of Rennes Court martial Has Been Received Quietly Everywhere—Prisoner's Time is Occupied in Reading Letters of Sympathy—Report That He Cannot Live.

Paris, Sept. 12.—[Special]—The physical condition of Dreyfus has been communicated to the government and will be discussed at today's cabinet meeting. It will probably be the only ground on which the government can interfere in carrying out the sentence.

At the cabinet council, Premier Waldeck-Rousseau, informed his colleagues that he had received reports from various departments which showed that the verdict of the Rennes court martial had been received quietly everywhere.

Receives Words of Sympathy. Rennes, Sept. 12.—[Special]—Mathieu Dreyfus, who visited his condemned brother in his cell, says he is bearing up well. He says his time is occupied in reading a tremendous number of letters of sympathy received since the court adjourned.

Says Dreyfus is Hopelessly Ill. New York, Sept. 12.—[Special]—An evening journal's Paris dispatch says that according to Dr. Pozzi, Dreyfus' physician, the latter is hopelessly ill, and says Dreyfus can take no nourishment except milk and soda, and cannot live but a few months.

Boycott Movement Continues. London, Sept. 12.—[Special]—The movement to boycott the Paris exposition continues. Several additional firms announced this afternoon their intention to cease preparations for exhibits.

Paris, Sept. 12.—The court martial that passed judgment on Capt. Dreyfus has petitioned President Loubet that the prisoner be not again degraded. This incident has given Dreyfus fresh hope, and his spirits have considerably improved. Calm prevails in Rennes. There were slight outbreaks in Paris, but it is feared serious disturbances may yet occur.

People in Favor of Pardon. The Journal des Debats says that it hopes that after the Rennes verdict the sentiment of humanity will find scope, even in the most desperate of conflicts. Public opinion, it adds, is quite prepared for the eventuality of Dreyfus' pardon.

Anarchists Attack a Church. Late last evening an attempt was made by a band of men shouting "Vive l'anarchie" to break into St. Joseph's church. The sacristan, armed with a gun, appeared in the doorway and threatened to blow out the brains of the first man who entered. The crowd then retired.

Shortly afterward a force of police appeared and cleared the streets. During the struggle a revolver was fired at the officer in command, but no one was injured.

## ZOLA ISSUES APPEALS TO FRANCE.

Author Warns the Government of Its Peril from Abroad.

Paris, Sept. 12.—The *Aurore* publishes a long letter from Emile Zola, the novelist, which is a pendant to his famous "J'accuse" letter in the early stages of the revision movement.

Zola entitles his article "The Fifth Act." After describing his horror on hearing the verdict, which he regards as a moral Sedan, he accuses the army chiefs of having crushed Dreyfus in order to save themselves from prison, and makes an appeal to the government, which, he says, will return to France the honor she has lost by the Rennes verdict, a verdict that he describes as a "most extraordinary attempt against truth and justice."

He asserts that he knew positively in January of last year that Esterhazy was the real traitor, the latter having furnished Col. Schwartzkoppen with numerous documents—many in his own handwriting—a complete collection of which is now in Berlin.

"Since then," he says, "I have lived in terror lest Germany should strike us with the proofs of her possession, thus dishonoring our army in the face of Europe in order to vanquish it easily afterward."

Zola then proceeds to express his indignation that his efforts have been useless and insists that the government bestir itself to procure these documents.

Expects Congress to Act. New York, Sept. 12.—Congressman J. M. Levy announces that as soon as congress meets, he will introduce resolutions in the house withdrawing the support of this government from the Paris exposition on account of the Dreyfus case.

## FIRE DEPARTMENT TURNS OUT

Grass Fire Near the Corner of Glenn Street and Milton Avenue.

An alarm of fire from box No. 25, located at the corner of Glenn street and Milton avenue at a few minutes past noon today, called the department to the rear of the Gilbert Evenson residence, No. 18 Milton avenue, where a grass fire was in progress. The firemen formed themselves into a broom brigade and soon succeeded in beating out the most of the blaze, and the extinguishers finished up the work. There was a strong wind blowing at the time and if the fire had not been checked when it was, great damage would have no doubt resulted on account of the proximity of a number of buildings.

## GREAT BRITAIN TO NAME NEW TERMS

FRESH DEMANDS ON THE TRANSVAAL REPUBLIC.

Must Give Up Independence—Asked to Pay Expenses of Recent Negotiations and Movement of Troops, and Acknowledge Suzerainty—Joubert For Peace.

London, Sept. 12.—The Times, in an evidently inspired article, intimates that Great Britain will make fresh demands on the Transvaal republic, as follows:

1. The Boer government will be expected to pay expenses of recent negotiations, including dispatch of troops to the Cape.
2. Great Britain's suzerainty must be acknowledged in plainer terms.
3. The Transvaal must give assurances that no fresh claims for independence shall be made in the future. It is still uncertain when Gen. Buller will start, and in any case there will be no movement of troops until further developments, except the Indian contingent and four other regiments, one each from Aldershot, Egypt, Malta and Crete, making the additional force for South Africa 10,000 men, which will bring the garrison of Natal up to 15,000, which is quite sufficient for defense.

A conservative estimate puts the available force of the two republics at 20,000.

## ARE FLEEING FROM THE RAND.

British Subjects Alarmed Over a Rumor That War Was Sure.

Cape Town, South Africa, Sept. 12.—Panic was caused in Johannesburg Monday by the circulation of the report that negotiations between the Transvaal and Great Britain had ceased. Three hundred Cornishmen, with their families, including children too young to travel and women too weak and ill to walk, boarded one train for the south.

It is considered here significant that the refugees from the Rand who have reached Cape Colony are chiefly British. It is generally believed in Cape Town that the exodus is prearranged in order to force an ultimatum by the imperial government.

Contrasted with this movement on the part of the British outsiders is the stand taken by the French, German, Scandinavian and many American residents of the Transvaal, who declare that if enfranchised they will fight for the independence of the republic.

War Plans at Johannesburg. Johannesburg, Sept. 12.—The officials of the Netherlands Railway company have been notified to hold themselves in readiness to guard the lines in the event of war.

The Italians in the Transvaal have decided to remain neutral should hostilities arise.

The Transvaal Hollanders here held a meeting and adopted resolutions of sympathy with the Transvaal government, pledging their support.

London in a Cheerful Mood. London, Sept. 12.—Although warlike preparations continue on both sides, Monday's news decidedly strengthens the general expectation in well-informed circles of a peaceful issue of the Transvaal negotiations. The raad's resolution and President Kruger's apologetic utterances both point to peace and offset the wild utterances of ignorant Boer jingoism in the Volksraad last week.

Irishmen to Aid the Boers. London, Sept. 12.—A news-agency dispatch from Pretoria says that 1,000 Irishmen in the Rand have formed themselves into a corps and offered their services to the Transvaal in the event of war. The dispatch adds that the offer has been accepted.

Joubert Anxious for Peace. Pretoria, Sept. 12.—Commander-Gen. Joubert denies that the war department is ordering heavy ordnance and rifles. He declares that he is anxious for the preservation of peace.

Small Town Is Quarantined. Terre Haute, Ind., Sept. 12.—Carlisle, a town of 1,000, south of here, is quarantined on account of an epidemic of malignant diphtheria. Sunday schools and public schools have been suspended and children under 12 years of age are not permitted to go on the streets.

## FEARS FOR SAFETY OF WILLIAM TAYLOR

MADISON MAN MAY HAVE MET WITH FOUL PLAY.

Racine Man Picked Up Cartridges and Pounded Them and May Lose Hands—Man Found Wandering Aimlessly About Near Hortonville—Racine Milk Dealers Fined.

Madison, Wis., Sept. 12.—William Taylor, an artificial stone sidewalk contractor, has mysteriously disappeared, and his friends fear that he has met with foul play. Mr. Taylor was last seen a week ago Saturday night. He had been laying sidewalks at Oregon, and came to Madison with fifty dollars. On arriving he made several purchases, and started home. On the way he stopped into Hagen's saloon and got two glasses of beer, and after a short conversation, he left, saying that he was going home. He has not been seen since. Nothing was thought of his absence until a few days ago, when complaint was made to the police. The belief is that Mr. Taylor was murdered, as there is no evidence that he had any desire to leave. His domestic relations were happy and his business affairs prosperous.

Racine Man's Folly. Racine, Wis., Sept. 12.—Sunday afternoon Marion Grant and his wife went to the suburbs to gather grapes. He found four dynamite cartridges. One of them he pounded to pieces with a rock, but for some reason it did not explode. Three others he carried to his home and proceeded to rip them to pieces with a sharp instrument. The first one exploded and the concussion exploded a second one. The hands of Mr. Grant were badly cut and lacerated and a hole blown in his left leg. A little girl stood a few feet from him but was uninjured. Grant's hands are in terrible shape, but the physician hopes that he will come out all right. It is supposed that the cartridges came from a stone quarry near by, where they are used to blast rock.

Milk Dealers Are Fined.

Racine, Wis., Sept. 12.—State Dairy and Food Commissioner Adams, Assistant Chadwick and State Chemist Mitchell were here yesterday to prosecute three milk dealers, who have violated the law by using preservative or whose milk did not stand the test. One was let off by paying the costs; another was fined \$25 and costs and a third was dismissed, but the person who first sold the cream to this man came up and pleaded guilty and paid a fine of \$25 and costs. This makes six cases disposed of and one of the six was fined on two charges, using preservative and having milk below the standard. It cost him about \$57. There are no more cases to be prosecuted, although forty samples of milk were analyzed by the chemist.

Telephone Wires Burned Out.

Oshkosh, Wis., Sept. 12.—The Traction company turned on a current into its interurban feed wire yesterday, and the result was a burning out of several telephone wires. Several live wires fell, and a small panic on Main street resulted. No one was hurt, but the operators in the telephone station were saved from death only by the lightning arrestors. The telephone wires in no case touched the feed wire, but ran close to it.

Says He Lives in Waukegan.

Appleton, Wis., Sept. 12.—Supt. Downer of the Outagamie County Insane asylum, yesterday arrested a man who was found wandering about the fields near Hortonville and Greenville. He was unable to give his name yesterday, but today said he was Joseph Mudman of Waukegan, Ill. He is unable to tell how he came in this vicinity and did not escape from any asylum, although he is not entirely sane.

Drowned in Lake Winnebago.

Oshkosh, Wis., Sept. 12.—Nick Jensen, a fisherman, is believed to be drowned. Saturday evening he went out to try a new set of sails upon his boat and did not return. Fishermen scoured the lake and shores today but last evening returned reporting no trace found. He leaves a wife and family.

Evidence of a Murder.

Ashland, Sept. 12.—Yesterday afternoon the body of a man was found floating in Chequamegon bay. There are bruises and cuts upon it, which lead the authorities to believe a murder has been committed and the body thrown into the bay. No one has yet identified the body. The pockets had been rifled, so robbery must have been the motive.

Burglars in Madison.

Madison, Wis., Sept. 12.—The residence of Thomas Hagan, a saloonkeeper, was entered by burglars and robbed of \$240. At the home of John Hagfield, \$7.50 was stolen. Three other buildings were entered, but nothing was secured.

Wisconsin's State Carnival.

Milwaukee, Wis., Sept. 12.—The second state fair under the auspices of the Wisconsin state board of agriculture opened here Monday. There is every indication that the fair will be better attended than any which has been held in the state for several years.

## MULTI-MILLIONAIRE VANDERBILT DEAD

DEMISE CAME THIS MORNING AFTER LONG ILLNESS.

Experienced Sudden Change For the Worse at Midnight, Three Hours After Return From Newport—Second Stroke of Paralysis Followed by Heart Failure.

New York, Sept. 12.—[Special]—Cornelius Vanderbilt, the multi-millionaire and head of the Vanderbilt family, died this morning at his home after a long illness.

Mr. Vanderbilt experienced a sudden change for the worse at midnight, three hours after he had returned from Newport. Physicians were hastily summoned, but the patient gradually grew worse, despite their efforts, and the end came shortly after five o'clock. The only members of the family present were Mrs. Vanderbilt, Reginald, Vanderbilt's youngest son, and Gladys, the youngest daughter. Alfred, the favorite son, recently left for a tour of the world. Cornelius, Jr., the oldest son, whose marriage to Jennie Wilson, two years ago, displeased the father, was not at the dying man's bedside.

Paralysis and Heart Failure.

A second stroke of paralysis followed by heart failure caused the death. Several years ago, Mr. Vanderbilt suffered a severe stroke of paralysis, and for many days death hovered over him. He partially recovered, but was never the same man.

Vanderbilt's estate is estimated to be worth a hundred million dollars. It is not yet known whether Vanderbilt, in his displeasure over his son Cornelius' marriage, has cut him off with only a few million dollars, and whether Alfred comes in for a greater part of his fortune.

Vanderbilt's death has had no apparent effect on the stock market.

## ORDERED TO MANILA FOR DUTY

Col. Charles Brown Will Start for the Philippines at Once.

Colonel Charles E. Brown, formerly of this city, and who visited here a short time ago, has been ordered to Manila for duty in the veterinary department of the army. He is at present in camp at Chattanooga, Tennessee, but will start at once for his new post. Col. Brown is a soldier of the type made famous by Frederic Remington, and his experiences in the field would fill a large book.

He was a colonel in the Cuban army long before the United States sent her soldiers to the island, and led the Cubans in a number of battles. He was severely wounded at one time, and nearly fell into the hands of the Spaniards, but was rescued by his men. It was his ambition to be sent to the Philippines, and his many friends in this city will wish him the best of fortune in his chosen field.

Although Mr. Clark had never held any public office he was one of the most public spirited men and was always ready with his work and purse to further any public enterprise. He spent money liberally to improve the city and erected a fountain on the west side, which remains as a monument to his enterprise.

Dispatch Dispelled the Uncertainty at the War Department, Where It Was Feared That Official Documents Had Been Lost in Transmission—Come on Next Boat.

Washington, Sept. 12.—[Special]—Gen. Otis' cablegram to the war department this morning dispelled the uncertainty among officials by explaining that he had forwarded no mail reports of operation since April, but that his own and his subordinates' annual reports would be ready for the next mail. It appears that the officers have been so busy in the field that they were unable until recently to write out the reports. The war department officials had feared that important documents might have been lost in transmission. A large official mail, mostly routine reports, was received from the Philippines last night.

## FRANK LELAND SHAW OF MILTON, IS DEAD

UNTIMELY DEATH OCCURRED  
LAST THURSDAY.

Demise Caused by Inflammation of the Bowels, After an Illness of Sixteen Days—T. A. Saunders the Victim of a Burglary—Gold Watch and Money Taken.

THE GAZETTE AGENCY  
W. W. CLARKE, Manager,  
Milton, Wis., Sept. 12, 1899.

Frank Leland Shaw died at Milton, Thursday afternoon, the 7th inst., from the effects of inflammation of the bowels. His illness lasted sixteen days, and hopes of his recovery were entertained almost to the last. He was the fourth son of John Leland and Catherine Amanda Shaw. A brother of his, Dighton Wellman, departed this life on June 25, last, and was buried in the cemetery at Milton. He has two brothers living, Prof. Edwin Shaw of Milton college, and Rev. George B. Shaw of New York City, and a sister about fourteen years of age. He was born in the town of Vivian, Waseca county, Minn., May 14, 1874, and was therefore, at his twenty-five years, three months and twenty-three days old. For nearly thirteen years his life was spent principally in that town on a farm, and in attending a country district school. On the 11th of October, 1884, in his eleventh year of age, he united on baptism with the Seventh Day Baptist church at Trenton, Minn., and on the return of his parents to Wisconsin about thirteen years ago, he removed his membership to the Milton church of the same faith. He first entered Milton college in the winter term of 1886 and '87, but delayed pursuing his studies in it regularly until the winter of 1890 and '91. During this period he attended the graded school at Fulton, finishing the complete course. Thence, with occasional intermission, he continued the studies in the Ancient Classical course until he was graduated on commencement day in 1897. In a class of more than usual attainments, he was honored on that occasion with the presentation of the valedictory oration, his subject being, "The Mission of the Teutonic People." He was distinguished in scholarship for persistent search for facts and principles lying at the base of the subjects studied, and for a clear and comprehensive grasp of the knowledge thus attained. Since graduation, he taught a public school for a year at Clarkson, and was the assistant for the following year in the high school at Walworth. In both positions he gained the fullest approval of both the pupils and the patrons, and was, at his death, under an engagement to resume charge of the former school. While ill he received an urgent invitation to teach in a graded school in Colorado. At this time there was handed him a permanent state teachers' certificate in Wisconsin, made so by the state superintendent's countersigning his college diploma. The funeral services were held Saturday afternoon, conducted by Rev. L. A. Platts, pastor of the Milton Seventh Day Baptist church, assisted by Rev. G. J. Randall, pastor of the Milton Junction church of the same order, and by President Whitford of Milton college. A very large congregation was present and showed great sadness at the early death of an accomplished and gifted young man, and sincere sympathy for the surviving members of the family, doubly bereaved in the last three months. The remains were interred in the cemetery at the side of his brother, laid to rest in a grave not yet covered with sod that had become green.

Cainville, Sept. 12—There will be a Sunday school picnic Saturday, Sept. 16, held in Mr. Setzer's grove. Bring your well filled baskets, and a general good time will be had. Our station agent, C. H. Elger, took in the Evansville fair, Thursday afternoon. The game of ball Friday, at the Evansville fair, between Magnolia and Bass Creek, was 7 to 8 in favor of Magnolia. Cal Broughton was umpire. Footville will soon claim some of our enterprising young business men as residents. Ed. Mattice and Anton Cole have rented the Owen store and will run a general store. We regret to have them leave us, but what is our loss will be Footville's gain.

It states that "the bid of John Martin was not in accordance with the specifications and was rejected, and that we have awarded the contract to A. E. Here is the resolution:

"Resolved, That the action of the street assessment committee in awarding the contract for the improvement on West Milwaukee street to A. E. Astrachan Jackets.

Many fur jackets will be worn and already women are selecting them. We have jackets in stock that have advanced 8 to 4 dollars since we bought them. We offer a 24-inch jacket, box front, extra high collar, excellent lining—a thoroughly good Astrachan Jacket—at \$29.00.

Fur Capes.

We make a specialty of fur capes. Our present assortment comprises a beautiful lot of them. Astrachan Beaver and Novelties.

Cloth Jackets.

A very complete line at figures that are small. Several numbers have advanced from 50c to \$2 since we bought ours. We will not attempt to go into details; this "ad." is more to let you know that we are ready for any demand.

Cloth Capes, Plush Capes.

We are not caught napping. All kinds of outer garments are higher, because cloths have advanced and the great demand for garments gives employment to all the garment-workers in the large manufacturing centers and the scarcity of skilled labor sends up wages, as the experts can command a marked increase over summer prices. We placed our orders in May and June. Capes of plush or cloth will be very good and we show all the new things.

GOLF CAPES—By far the most attractive styles here. We make them to order also from beautiful Steamers Rugs. "Like" qualities in ready-made capes cost from \$5 to \$10 more than we get them up for. McColl Bazar Patterns are well liked. All 10c and 15c, none higher.

## THE TALK OF THE CITY

It's of Interest to Our Readers, Because It Refers to Janesville People.

It's astonishing how news will spread. From every ward and street we hear of our people talking about the workings of the Little Conqueror Merit and honorable methods receive their just praise. So many cases are cropping up that it is next to impossible to investigate them all, but we have taken a few in hand and have given them publicity for the benefit of our reader. Our representative obtained the following statement of facts in a personal interview. They are true in every particular and no stranger evidence can be obtained than home endorsement.

Mr. L. Lawrence, of 408 S. Franklin St., engineer at the Janesville Electric Light Co., says:

"Seven years ago I injured my back by falling through a bridge near Afton, into the Rock river. I was on a traction engine, its weight broke through, and the whole thing went into the stream. Since that time my back has ached by spells, sometimes very severely. If I caught cold it settled in my kidneys and if I brought a strain on my back lifting, the result was a bad backache and sharp twinges of pain in my loins. I procured Doan's Kidney Pills at the People's drug store and after I used them I was free from backache. I am in better health than at any time since falling through the bridge. It is for just such complaints as I suffered from that I can recommend Doan's Kidney Pills. Doan's Kidney Pills are for sale by all dealers. Price, 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name Doan's and take no other."

You know that our Shoes always wear longer and keep their shape better than Shoes purchased at many of the so-called "Cheap-John" places. We handle nothing but new factory goods and guarantee every pair.

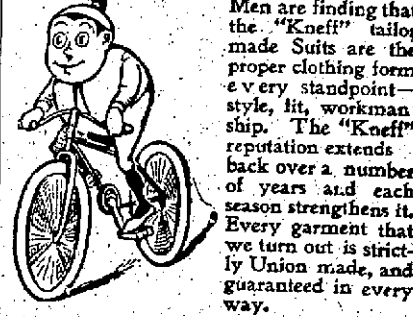

That means that we take the chances, and not you. We carry the largest assortment in Southern Wisconsin and can properly fit your feet no matter what the shape and give you the style of Shoe that you want.

## CAN'T ABANDON CUBA.

The United States has a duty to perform in Cuba, that cannot be shirked, come what may. H. G. Curtis, a member of the insular commission, outlines the situation very truthfully in an interview, saying that the obligations of the United States toward Cuba and the rest of the world would not be fulfilled by withdrawing our troops and leaving the Cubans to their own devices.

"It is true," he said to the reporter, "that Congress declared that the people of Cuba are and of right ought to be free and independent," and announced the intention of the United States to 'withdraw' as soon as pacification should be accomplished and leave the government and control of the island to its people. This resolution, however, was based on the supposition that the Cubans had a government of their own which could be entrusted with affairs as soon as Spain was expelled.

"This, we find, was a mistake. The only pretense of government was by the so-called Cuban army, which elected General Maso President. The people of Cuba had no part or lot in it. As soon as the protocol was signed and peace was in sight President Maso, as he told me, resigned his office and all formal government was turned over to the 'Assembly,' chosen by Cuban military officers. This in turn, failing to satisfy even itself, resigned and turned over the so-called government to General Gomez and three other generals. That's all there is representing any sort of Cuban government. These several so-called governments have never in any way exercised the power of government, and there is nothing in Cuba today competent to express such power, except the military government established by the United States.

"This is not all. When the treaty of peace was signed we guaranteed safety of life and property and the right of Spanish citizens to remain, own property, and carry on their business and professions; and have the same rights in the courts as other citizens, etc., etc. And, further, we agreed, in article 16, that upon the termination of our occupancy we would advise any government established in the island to assume the same obligations. These obligations we assumed in good faith, and the foreign residents, Americans and others, may well insist that we cannot in honor leave Cuba to be thrown into a state of anarchy."

"This means that any government to which we may turn over the affairs of the island must be an actual government, with ability to govern; otherwise 'advising' it to assume our obligations would be a farce, and if confusion and destruction of property should follow we would be held responsible. If the Cubans show themselves capable of agreeing and forming a government—not a select few, but the real people of Cuba—and show by its strength and justice that property rights and life and liberty will be safe in their hands, and that they can and will carry out the obligations we have assumed in their behalf, then we should withdraw and leave the government to the people of Cuba, and not before. On the other hand, if the Cuban people prove unwilling or unable to set up such a government for themselves—if, at the proper time, they express a desire for annexation—it will clearly be not only our privilege but our duty to continue in control of the island."

Chicago must figure that her growing population will go to the bad, and end in the provided place for bad people. Otherwise, why does Chicago teach Spanish in the public schools, when it is generally admitted that Dewey "made Spanish the prevailing language" in, in, well, not in Chicago.

The Hon. Hinky Dink, of Chicago, says New York is "the hottest, sportiest town on earth." As Hinky has "been about a bit, and knows a thing or two," Chicago must now surrender and admit that it plays second fiddle, in the matter of Hinky Dinkdom, at least.

## CASES DISPOSED OF IN CLINTON COURT

## ANDREW O'CONNOR WINS SUIT FOR WAGES.

Judgment Given For \$64.00 Against Gilbert B. Gilbertsen—Mrs. E. P. Babcock Passes Away After a Long Illness—A Lady Greatly Respected—Personal Notes

Clinton, Sept. 12.—The following cases were disposed of in the justice court last week. Judgment was given for \$64.00 in favor of Andrew O'Connor against Gilbert B. Gilbertsen. The claim of O'Connor was wages due to the amount of \$45 and for which suit was brought. After summons was served Gilbertsen tendered the amount of the claim, but neglecting to include costs already incurred the suit came to trial and judgment was rendered as above. F. A. Ames appeared for the plaintiff and Thomas Ames for the defendant. The case of Livingstone vs. Serl was dismissed, the defendant paying claims and costs amounting to two dollars and seventy-five cents. The plaintiff in the case was Benj. Livingstone of Bradford, and the defendant Stephen Serl of Fairfield. Plaintiff brought suit for \$2, which he claims, was wages due him. The defendant, it was shown, refused to entrust plaintiff with a \$20 bill to get changed, but had offered to leave the money at a neighbors at a specified time. Plaintiff refused to accept this proposition and at once commenced action. Mrs. E. P. Babcock, who lived a mile east of town, died, Saturday, after an illness of about one year. She had been confined to the house for many weeks previous to her death. Deceased was a lady greatly respected, and a member of the Congregational church. The funeral services were held at her late home, Monday, Rev. William Moore officiating. The attendance was very large, over thirty teams following the remains to the cemetery. Mrs. Babcock was a daughter of the late John Kimball, and had spent most of her life in this place. She went west with her family at one time, and resided there for a number of years. She leaves a husband and six grown up children to mourn her departure. They are Charles Babcock of Darien; Mrs. Leon Smith of this village; Milton, Elton, Mayne and Iola, who are at the home. We are informed that S. S. Jones lost a valuable horse Saturday morning. Mr. Jones purchased the horse in Delavan some time ago, and the animal, it is said, cost him a good round sum. George Hudson's family expect soon to reside here. A son was born to Mr. and Mrs. Bert Watts, Saturday, September 10. Miss Ida Kinyon left for Whitewater on Saturday to take a course in the Normal school. Cornelius Dykeman was in town Saturday shaking hands with friends. A kissing bug that strikes terror to the stoutest heart has been found in Clinton. The insect (?) consists of a small rubber threaded into a button and stretched between the ends of a bent wire. The button is twisted many times over and the "bug" is carefully folded up in a piece of paper. The unsuspecting victim to whom this is handed opens the paper expecting to behold a dried specimen of the notorious bug, when without warning a buzz and a whirl and the machine bite him square in the face. The cry of horror and the frantic attempt to escape which follows rewards the small boy for his pains and furnishes fun for the bystanders. Herman Berndt at last accounts was still very weak with about even chances for recovering. Coleman Haley of Madison, was here last week. Joseph McMichael did carpentry work at D. K. Latta's, last week. Wm. Bunker is undergoing his annual siege of hay fever. J. R. Helmer went to Chicago, Monday morning on business.

The local arrangements are in the hands of a central committee of which A. E. Matheson is the chairman and frequent meetings are being held in order that every detail may be arranged. Jamesville should feel honored by being chosen as the convention city, and we feel sure that our people will respond accordingly and heartily that our guests will long remember with pleasure their visit here.

Preparations Being Made For Christian Endeavor Convention

As a great many Jamesville people are not aware what the coming State Christian Endeavor convention means to the city, a word in regard to the same might not be amiss. The convention will open on the evening of October 19, and continue through the 22nd, and upwards of five hundred delegates will be in attendance, all of the time, and on Saturday and Sunday, probably many more. These delegates will come from all parts of the state and will be representative young people from the different sections.

An exceptionally strong program has been arranged and men of national reputation will be heard on the platform. Lodging will be furnished free to all delegates but the meals are to be paid for and this part of the arrangement is to be superintended by C. S. Cleland and will be in charge of G. A. Shurtlett, which means that nothing will be lacking. Frank A. Spoon stands at the head of the finance committee and is already meeting with the heartiest of receptions from our business men and others interested in getting the convention.

The local arrangements are in the hands of a central committee of which A. E. Matheson is the chairman and frequent meetings are being held in order that every detail may be arranged. Jamesville should feel honored by being chosen as the convention city, and we feel sure that our people will respond accordingly and heartily that our guests will long remember with pleasure their visit here.

## The Sun's Carbon Shell.

It has often been suggested that the brilliance of the sun's disk is due to incandescent particles of carbon, and within a few years past the presence of carbon in the sun has been demonstrated by the spectroscopic. Lately Prof. Hale, the director of the Yerkes observatory, has shown that there is a thin layer of carbon in the lower part of the sun's atmosphere. It surrounds the solar globe like a luminous shell, and, under normal conditions, is probably not more than 500 miles above the sun's surface. But when an eruption takes place, from beneath, the carbon layer, like all the other constituents of the solar atmosphere, is broken up and locally dispersed by the tremendous agitation.

## A Village of Graves.

A few miles from Ningpang-po, a town of northern China, is a large village composed of graves. It is a deserted burial ground, which has been taken advantage of by a clan of beggars and thieves, who eat, sleep and make merry in their ghoulish surroundings. There are several similar towns in the Celestial empire.

## Monastery Liquor.

The income from liquors manufactured at the monastery of the Grande Chartreuse has increased enormously during the last forty years, and profits now amount to about \$750,000 per annum. The seeming anomaly of a religious order being engaged in the manufacture of a beverage has given rise to some criticism, and the monks for some time have been willing to sell out, but no way has yet been found to satisfy conditions they deem indispensable. The rule of the monastery and the vows of the monks forbid their appropriating for their own benefit any of the revenue from the liquor, so it is devoted, in equal parts, to three objects—to "Peter's pence," to the maintenance of an hospital, and to the relief of the poor. The monks are not willing to part with their rights unless due provision is made for the first and last of these objects. These monks, however, are not now the only manufacturers of chartreuse, as one of the inmates left the monastery some time ago and is now said to be making the liquor after the approved formula.

## Y. M. C. A. SIXTEEN; SHEBOYGAN, TWO

VISITORS LOSE FIRST GAME  
WITH JANESVILLE.

Boys From the Lake Shore Town Played in Hard Luck—Through It all They Were Good Natured—Wolf An Enigma on the Start But Soon Tired.

The Sheboygan base ball club played in tough luck at Athletic park yesterday. They had a hard game at Manitowish, Sunday, traveled most all night, and were not in the best of condition. They were also, short one pitcher and Wolf, who pitched the day before had to go in the box again yesterday. To add to their misfortune the right fielder and best batter, broke a finger and could not play. Then there were two home runs made by Sullivan on balls lost in the high grass, and the umpire certainly did not smooth their pathway with his decisions. But through it all they were exceedingly good natured and proved themselves the best mannered aggregation of ball tossers seen here this season.

Wolf was an enigma to the Y. M. C. A. nine at the start, striking out three men in the second inning, but he soon tired and our boys assisted by the high grass and left field fence, fattened up their batting averages in great shape. The two lonely runs, credited to Sheboygan were obtained in the second inning as follows: After Jackson had struck out Liebel made a base hit. Locke sent an easy bouncer to Sullivan, on which he should have made a double play, but he waited for it as usual, then fumbled, and lost both men. The next man retired on foul fly to Bruyette. Then Maloney hit a grounder between Sicksles legs who recovered the ball and had Liebel twenty feet from the home plate, but threw away over. McMaster's head and two men scored. After this they were never in the hunt, only four men reaching first base during the balance of the game.

Space forbids our giving in detail the manner in which the home nine secured their runs, but a very good idea can be obtained from the score below. The features were the batting of Sullivan and Hanaford; the battery work of Adkins and McMasters; Hanaford's double play; the catching of Fisher; Bruyette off first; and Sicksles' off third, by hard work on the part of the Sheboygan players.

Here is the score:

### Notes of the Game.

The Sheboygan players felt very sore over the poor showing they made yesterday.

Jose will do the twirling for Sheboygan today, and the result is liable to be reversed, especially if the high grass should play on the visitor's side.

The Y. M. C. A. team as made up yesterday was about the strongest of the season and there were two catchers and three pitchers in the nine.

The Sheboygan club has won eight out of twenty-four games played this season, and were only defeated by the Milwaukee League club 8 to 7.

An amusing incident of the game occurred in the fifth inning. Fisher was on first and ran all the way to third on a fly out by Sullivan to center field, who threw away over the third baseman's head. And he in turn recovered the ball and threw over every one's head, allowing Fisher to return to the bag, only to be caught napping a moment afterwards on a quick throw by the pitcher.

The Sheboygan players are considered very heavy hitters, but Adkins with perfect control of the ball had them helpless and they were loud in their praises of his pitching.

Mix one teaspoonful of flour and one of cornstarch with one pint of sweet milk and stir into the broth. Add a lump of sugar and a pinch of salt. The fillet de Chateaubriand is a fillet of beef 1 1/2 or even 2 inches thick, grilled, to be tender and rarely but evenly done all through. Its accompaniments are soufflé potatoes and an aromatic maitre d'hotel sauce. The last is made of sweet fresh butter, kneaded with fresh parsley chopped, salt to favor, white pepper, a grating of nutmeg, a blade of cloves chopped fine and three drops of onion juice to a teaspoon of butter. Melt this after kneading in the serving dish and put on the fillet, making a border of the soufflé potatoes. The last has been given, it is not at all suggestive of the Chateaubriand, but at Chateaubriand, who wrote "The Genius of Christianity," and is said to be a misnomer, having been strongly pronounced after Chateaubriand, for whom it was named.

## EMORY PATCH'S LEG CAUGHT IN GEARING

ACCIDENT OCCURS AT NEW  
DOTY PLANT TODAY.

Backed Into a Large Gear Wheel—  
Bone Crushed in a Frightful Manner—Calf Torn in Shreds and Flesh Stripped—Amputation Will Be Necessary.

Emory Patch was caught in the gearing of a heavy punch machine at the plant of the New Doty Manufacturing Company shortly before the noon hour today, and his right leg was frightfully crushed and torn. No one seems to know just how the accident occurred as it was so sudden that the fellow employees of the unfortunate man hardly knew of it until they saw him writhing in agony on the floor of the machine shop.

Mr. Patch was engaged in some work on the drill press, and behind him stood a heavy combination punch and shearing machine which had just been set up this morning. The large gear wheel was toward him, and in some manner he backed into it. The deep edge caught his right leg just above the ankle and crushed the bone in a frightful manner. The calf was torn in shreds, and the flesh was stripped from the leg clear above the knee, in many places exposing the bone. The shock threw the belt off the machine and stopped it, but not until the leg had passed through the cog. His fellow workmen ran to his assistance and after cutting away his overalls and underclothing bound the leg tightly to stop the flow of blood. The fire patrol ambulance was summoned and went down in charge of Con Murphy and Frank C. Haselton. Dr. J. W. St. John was summoned and while awaiting his arrival, the fire alarm was turned in and wagon was obliged to answer the call.

The ambulance returned as soon as possible with several other members of the fire police, and Mr. Patch was removed to his home, No. 255 Glen street, where he was made as comfortable as possible. He stood the ordeal wonderfully well for a man of his years and was conscious all the time. Dr. J. W. St. John, assisted by Drs. Cephus, St. John and Joseph B. Whiting dressed the wound. They found that the small bone of the leg was crushed into several pieces and cannot tell as yet whether the member will have to be amputated or not. The calf of the leg hung in strips, and if Mr. Patch survives the shock he will be crippled for life. He has the sympathy of the community and the outcome will be anxiously awaited.

### CONCERT WAS A RARE TREAT

Slayton Jubilee Singers Scored a Hit Last Evening.

The Slayton Jubilee concert at the Y. M. C. A. Auditorium last evening, was a treat that it is seldom the good fortune of Janesville music lovers to enjoy. While the audience was rather small, it was, nevertheless, an appreciative one, and all who were fortunate enough to be present say it was the treat of the season, which was testified to by frequent applause.

N. T. Washington's imitation of calls and songs of birds, was wonderful. Miss Green, assisted by W. T. Washington, rendered the duet "Bobolink," which was followed by the solo, "I Love You." Both were rendered in a most pleasing manner. J. A. Haggman appeared in plantation costume, singing "Old Black Joe," and was liberally applauded.

Madam Sylvester sang "Tempest," and "Baby Sleep," in a manner that could not help but please.

The ladies' quartette were recalled three times.

The concert will be repeated tonight, but a new and varied program will be given.

## GETS A YEAR FOR THEFT OF A HORSE

OTIS K. WALKLEY GOES TO  
STATE REFORMATORY.

Trial Set For Next Saturday—Decided to Throw Himself on the Mercy of the Court—Plead Guilty to Charge—To Be Taken to Green Bay Tomorrow.

For the theft of a horse and cart from his brother, Otis K. Walkley will spend one year in the Wisconsin State Reformatory at Green Bay. He was up in the municipal court yesterday and waived examination and his trial was set for next Saturday. After thinking the matter over, however, he evidently decided to throw himself on the mercy of the court and he appeared before Judge Fifield this morning on a petition that he be allowed to plead guilty to the charge against him at once, instead of remaining in jail.

The petition was granted, an information was filed, and the judge sentenced him to one year in the state reformatory.

The crime for which Walkley will do time was the theft of a horse and rig from his brother, Charles B. Walkley on August 15, last. He took the outfit to Beloit and sold the horse to a trader for \$3.25.

He was arrested a few days later and the horse was recovered soon after. Walkley is known to the police as a bad man and was always up to some low act. He was intoxicated the greater part of the time and the year in the reformatory may put a little manhood into him. He will be taken to Green Bay tomorrow. J. L. Mahoney defended him.

The case of George Habborn, special administrator, against Charles L. Jenkins has been settled out of court.

The case of the State against Charles Hallett, charged with using abusive language, came up this morning and was adjourned to Friday, Sept. 15, at 9 o'clock a. m.

## .. LATE NEWS BY TELEGRAPH ..

## PLAYED THE LAST GAMES. TRUSTS WILL BE ON TRIAL. FEAR SOUTH AMERICAN UNION.

## Indianapolis Wins the Pennant of the Western League.

The last games of the Western league season were played yesterday, but the only position affected by the play was third, which Detroit made sure of by its victory over Minneapolis. The new champion, Indianapolis, let up after the long strain of championship battle and accepted two defeats from Milwaukee. Rain prevented play at Buffalo, so that the bottom position was left to the equal occupancy of Kansas City and Buffalo. The official standing at the close of the season, as given out by President Ben Johnson last night, is given below. The game claimed by Milwaukee, because Detroit played only one game when two were scheduled, is omitted from the table and will have to be settled at the league meeting to be held one month from yesterday. The final standing:

	W.	L.	Pct.
Indianapolis	75	47	.615
Minneapolis	76	50	.603
Detroit	64	60	.516
Grand Rapids	63	62	.504
St. Paul	57	69	.452
Milwaukee	55	68	.447
Kansas City	53	70	.431
Buffalo	53	70	.431

Yesterday's games:  
At Indianapolis—Milwaukee, 5; Indianapolis, 2. Milwaukee, 6; Indianapolis, 3.  
At Detroit—Detroit, 11; Minneapolis, 10.

## National League.

Rain met the western clubs of the National league on their arrival in the east for the last series of inter-sectional games and prevented the playing of three games yesterday. The games played helped Boston and Cincinnati in their fight for place. The Reds themselves got no better than a tie with Washington, but the defeat Boston administered to St. Louis pushed the latter club further from the coveted fifth place. The champions edged up a little on the Phillies, who did not play. Baltimore fell down before Louisville. The scores:

	W.	L.	Pct.
Boston	10	0	1.000

## German Deal Opposed.

## Financial Relief for Guatemala.

San Francisco, Sept. 12.—A letter from Guatemala City, dated Aug. 16, says: "Four of the banks of this city have entered into arrangements whereby they will loan the government \$2,500,000, deliveries to be made in monthly installments of \$200,000 each. The government, it is said, has offered tangible guarantees. This will at least temporarily ease the national exchequer. The banks are authorized to issue an addition to their paper currency equivalent to the sum question."

## Southern Pacific Hold-Up.

Los Angeles, Cal., Sept. 12.—The west bound Southern Pacific express, which was held up near Cochise, Ariz., arrived here on time. The express car is a wreck and shows the effect of dynamite used by the robbers. How much they secured is not known, but the amount is not believed to be in excess of \$10,000.

## French Mission Wiped Out.

Tripoli, Sept. 12.—A courier who has arrived here reports that the French mission headed by Father Fournelle and Major Lamy has been annihilated. He says the mission was attacked by an immense body of Tuaregs, who, after suffering terrible loss, killed all the members of the mission by force of arms.

## Four Days' Conference on Combines Opens in Chicago Tomorrow.

Chicago, Sept. 12.—Trusts and combinations will be on trial from 10 a. m. tomorrow until next Saturday evening in Central Music hall. It is expected that more than 200 political economists, statesmen, labor leaders, lawyers and successful business men will conduct the suit. Papers covering both sides and all features of the great question will be read, discussed and commented upon.

It is now admitted by politicians throughout the country that the trust problem faces both parties and is a political issue for the campaign of 1900. But the promoters of this conference, which has been conceived and planned out by the Civic federation of Chicago, say they have been careful to eliminate all semblance of political schemes from it. They declare that the leaders of thought who have been invited to participate will strip the trust problem of everything sentimental and theoretical and will consider it purely as an economical question.

## May Cause Defeat of Treaty.

Washington, Sept. 12.—The Dreyfus verdict is attracting much attention throughout official quarters, but naturally those in responsible positions whose opinions would be valuable are reluctant to express adverse comment because of the national aspect of the case. The feeling is general, however, in favor of Dreyfus, and a strong sentiment has developed against the injustice to which, according to the prevailing belief, he has been subjected. Some of the officials express fear that this sentiment will have a serious effect on the Franco-American treaty when it comes before the senate, as that instrument has not proved very popular and the present feeling may turn the tide against it.
